### **The CLD pays homage to Melanie Davidson**

---

*Brome-Missisquoi, May 17, 2010* – The region has many wonderful ambassadors who work constantly to showcase Brome-Missisquoi. Among those who are always on the front line when tourists arrive are the employees at the tourist information bureaus. We have the good fortune to have among these ambassadors a woman who is passionate about Brome-Missisquoi and who knows how to pass this passion on to visitors. We therefore pay homage to Mrs. Melanie Davidson of the corporation de développement économique de Sutton (Sutton's economic development corporation)!

There are people who are impassioned by their work and constantly strive to offer the BEST service to their clients. This desire is at the heart of the work that Melanie does every day. Melanie has the unique ability to find quick and effective solutions, she knows very well how to advise our visitors, always focused on keeping the client in the region as long as possible. Melanie knows how to LISTEN to the client and assist them in a unique tourism experience in Brome-Missisquoi. Always positive and smiling, Melanie passes on her efficiency and good nature to the numerous customer service representatives she trains every year for the Sutton office. Also very involved in tourism development in the region and active in many working committees, Melanie makes sure she knows the challenges facing the territory and puts forward innovative ideas, always with the aim of offering tourists outings they will remember for a long time to come.

We therefore pay special homage to this devoted, involved, dynamic woman who works directly in our region's remarkable customer service, as well as in showcasing Brome-Missisquoi to Quebec, Canada and the world.
