

## PRESS RELEASE

FOR IMMEDIATE DISTRIBUTION

### **The Ski Bromont Waterpark is open!**

**Bromont, June 9, 2010** – It was yesterday, on Tuesday June 8, that the Ski Bromont Waterpark officially inaugurated its 2010 season. For the occasion, both adults and kids swapped their hats and mittens for their sandals and bikinis and, since, you can hear screams of joy and excitement everywhere on the mountain. With school almost over, it's really starting to feel like summer!

#### **A tidal wave of activities**

To fulfill all expectations, the Ski Bromont Waterpark has about 25 water and ground activities to offer. Thrill seekers, the *Spirale*, *Vrille*, *Torpille*, kamikaze slides, torrential tube and raft descents await you! You should also enjoy getting refreshed in the Grand Canyon's white waters or relaxing in the *Lagon*... For the little ones, the *Ile aux trésors* and its wading pool is a new world to discover.

#### **Heated wave pool!**

Last summer, the Waterpark inaugurated its huge heated wave pool: a \$4 million investment. Innovative design, beach style entrance, an abundance of lounge chairs and, new this year, a terrace bar, *Le Radeau*, to enjoy refreshing cocktails, all in a very enchanting decor that favours relaxation and picnics.

#### **Fun, even out of the water**

Besides the Alpine sleds descents and chairlift rides, don't miss our activity days! Every Tuesday, Wednesday, Thursday and Saturday, from July 13 till 31, let's party: music, live entertainment, funny characters, games, tomtom and magic shows, free caricatures and makeup for the children!
